Dear Parents/Carers,

Year 10 Assessment Week - Week Commencing 22nd June

I am writing with further details regarding the Year 10 assessments which will be held during the week commencing 22nd June. The assessment calendar, found below, will be published on Class Charts on the morning of Monday 22nd June with further details about where students can access each assessment. Assessments will be completed on Google Forms and should be completed at the time identified below.

On completion of the assessment, responses are automatically submitted to the class teacher who will provide feedback. All students should receive their assessment feedback, via email, during or prior to the week commencing the 13th July. There will be no marks or grades awarded for these assessments. Instead, the focus is on assessing student progress and gaps in knowledge. This information will allow teachers and students to address any gaps in knowledge over the coming weeks and will inform planning for next academic year.
