17th October 2019

Dear Parents/Carers,

SCIENCE

As part of an all-through school, we are very fortunate to have the opportunity to use the advanced facilities provided at our Stamford Raffles Campus, to further engage the enthusiasm of the children in their learning.

We have arranged to take Livingstone 4 to our Stamford Raffles Campus on Monday 4th November 2019 to use the science laboratories. Here the children will be able to carry out practical activities related to our Science curriculum and be taught by specialist Science teachers.

The children will be walked over to the sixth form campus by their own class teachers on Monday 4th November 2019. At the end of the day we ask that you collect your children directly from Stamford Raffles Campus, Downage, Hendon NW4 1AB at 3.10pm. If the children attend after-school clubs they will return to school with their teachers and may be collected at their usual time.

We look forward to this exciting chance for the children. If you have any queries, please do not hesitate to speak to your child's class teacher.

Yours sincerely,

Miss C. Ciapryna
Year 2
Primary Science Leader
